6 industries
from property developers to fashion ecommerce

Hi Meta Robotics team,

I have run paid acquisition since 2021 across six industries, with about VND 20B (≈ USD 770K) of ad budget managed on Meta, Google, Shopee and TikTok. I started on property lead generation for projects of Vinhomes, Novaland, Sun Group and Masterise, and today I lead paid growth for two jewellery brands in Hanoi. I would like to help more parents book your discovery sessions.

1 · RESUME	My CV is attached (2 pages).
2 · PORTFOLIO	Attached (7 pages, with the JD match on page 1), and online at the link above. I also reviewed your live ads and /screentime.html, where the Meta Pixel appears to start only after a WhatsApp tap. I would confirm this in your account first.
3 · BETTER LEADS, SAME BUDGET	In July 2026 I caught a ThreeTrees creative that had been launched under the wrong objective and was getting no conversations. I rebuilt it as a Messages ad and moved existing budget to it; it became the top ad of the month. On flat spend the account then held above 2,000 conversations a month from July to September, 7,479 from July to October at about USD 1.21 each.
4 · AI IN MY WORKFLOW	I use Claude and ChatGPT for research, copy options and daily checks for unusual numbers. I check every suggestion against the source data before I approve a campaign change.
5 · COMPENSATION	SGD 2,000 a month (about USD 1,566) for 20 hours a week, covering campaign management, optimisation, tracking and weekly reporting.
6 · AVAILABILITY	I can start on 2 November 2026. I work from Hanoi (GMT+7), Monday to Friday, 8:00 to 10:00 AM and 7:00 to 9:00 PM Singapore time, with morning calls and a written weekly update in English.

Thank you for considering my application.

Best regards,

Tran The Long
