PROFILE

Digital marketer with paid advertising experience since 2021 across retail, ecommerce, travel, hospitality, property and B2B. I work hands-on with Meta and Google Ads, landing pages, CRM and tracking. In my current team-lead role, I combine campaign execution with creative coordination, performance reviews and practical improvements to the customer journey.

CURRENT ROLE

Digital Marketing Team Lead · Three Trees Group May 2026–present

Full time · ThreeTrees and TeeTee&Co., Hanoi

- Plan and manage paid campaigns across the two brands, from objectives, audiences and budgets to launches, optimisation and reporting. Build campaigns myself and review work with two media buyers.
- Work with content and design colleagues on ad concepts, copy and creative briefs. Test different products, messages and objectives, then use the results to guide the next round.
- Review campaign data and customer feedback with sales and customer care. Investigate weak performance, adjust targeting or creative, and move existing budget when a better approach emerges.
- Own the TeeTee membership and workshop registration funnel: landing pages, forms, FluentCRM, source tracking and follow-up emails.
- Implement GA4, Google Ads tags, Meta Pixel and Conversions API; compare platform events with CRM records and investigate tracking discrepancies.
- Support Google Search and Performance Max testing, website SEO, Merchant Center and local Business Profiles. Use AI for research, copy options and data checks, with human review before changes.
